## Arak

*Similar to ouzo and pastis, arak is an anis-flavored, traditional libation in Lebanon and other Middle Eastern countries. Great as an aperitif or accompaniment to regional cuisine, this refreshingly unsweetened spirit is a particular treat in warm weather.*

*Gantous & Abou Raad Arak is made with just three ingredients: grape spirit, aniseeds, and water. Therefore, the flavor and aroma is distinctively clean and bright. Thanks to the natural oils from the anise, a traditional serve of one part arak to two parts water will yield a lovely clouding effect.*

Arak Gantous & Abou Raad .....	\$6.00
--------------------------------	--------

Massaya .....	\$8.00
---------------	--------

*Using only the Obeidi grapes and green anise seeds. Triple distilled over vine wood empers in traditional Moorish lid copper stills. Matured 2 years in ancient clay amphorae. Bottled unfiltered.*
